Hello to my conservative friends!

I'm sure many of you are aware that our President is giving a speech next Tuesday, September 8 at approximately 9:00 am, which is for our school aged children.

If you haven't read anything about it, here are some links for you:

<http://www.ed.gov/teachers/how/lessons/7-12.pdf>

In this link you'll find the "lesson" for jr. high teachers. Notice, one of the questions is "How will he inspire us?"

<http://www.ed.gov/admins/lead/academic/bts.html>

<http://www.ed.gov/teachers/how/lessons/prek-6.pdf>

This is the link for the lesson for elementary age students. You'll find questions in it like "Why is it important that we listen to the President and other elected officials..." and "Why is what they say important?". Of course I believe it is important to listen, but what is the spin put on here? We can't take any politician at face value because we know they all lie.

I'm encouraging you to call your school and voice your concern that your child will have to watch this. My kid's schools have already said if their teacher chooses to air the presentation I can request my child be pulled out. Shepherd Jr. High referred me to MPS district office. I called and left them a voice mail.

I'm also encouraging you to call the district and tell them you don't want this shown during school hours. All I can see is little Russian children gathered around a TV watching their leaders, worrying that if they defy what is said what will happen to them or their families.

Here are some telephone numbers that can help you:

MPS District Office - 472-0000

Red Mountain Ranch Elementary - 472-7902

Las Sendas Elementary - 472-8750

Shepherd Jr. High - 472-1800

Fremont Jr. High - 472-8300

Stapley Jr. High - 472-2700

Red Mountain High School - 472-8000

Mountain View High School - 472-6900

I hope you all view this as important as _____ and I view it. I've already sent an email to _____'s teacher asking if he'll be showing it and if so I need to know because _____ won't be allowed to view it. Heck, if nothing else, I'll go in and teach a lesson on conservative views at the same time! Or, maybe I should leave that to Shane... ☺
